DOWLING KILLED.

SHOT BY M. M. DRIGGERS - WEDNESDAY.

The Particulars Are Meagre, But It Is Rumored that Driggers and Dowling Quarreled About a Boy. Driggers Fled and Is Pursued by Sheriff Johns and Deputies.

News was brought to town about 10 o'clock Thursday morning, by Miles Crews and Dan Carlton, two lads who live near Lake Butler, of the killing of County Tax Collector R. T. Dowling by M. M. Driggers.

Crews and Carlton seemed to fear that if they exhibited too full a knowledge of the particulars they might be summoned as witnesses when the case came on for trial and were very reticent. In spite of the reporter's assurance that such would not be the case, as what they knew was merely hearsay, they were guarded in their remarks, and would only tell that parties had visited the house of J. B. Crews, the father of young Crews, on Wednesday night and told of the killing. Among the number was Deputy Sheriff Louis Richard, who said that Dowling and Driggers had quarreled about a son of the latter, who Driggers claimed had been enticed away from home by Dowling, and that Driggers had shot Dowling twice with a double-barreled shot gun. Both loads took effect in the neck, breaking it, and causing immediate death. The shooting occurred at Driggers' store a few miles west of Lake Butler, about sun-down Wednesday evening.

Driggers fled after the shooting. His son with a horse and buggy was arrested in the neighborhood of the shooting and it is supposed that he had spirited his father away.

Deputy Richard with a posse scoured the neighborhood Wednesday night, but failed to find Driggers.

Immediately upon hearing the news of the tragedy Sheriff Johns left to join the pursuers. At the hour of going to press he has not returned, and no more definite particulars than stated above can be learned of the sad affair.

Mr. Dowling was a very popular man throughout Bradford county, and the news of his untimely death is received with great sorrow.

Anti-Megrim.

This is to certify that I am well acquainted with Messrs. Taylor & York, druggists at this place, and know the medicine (Anti-Megrim) that they are manufacturing and placing on the market.

I have seen this preparation used in this and other states and know of almost miraculous cures effected by its use. In this state I knew a case where the horse was down with sleepy staggers for two days and all hope of its recovery was given up and a cure was made by the use of Anti-Megrim. MORT HOWARD, County Judge Baker Co., Fla.

Macleary, Fla., June 19, 1895.
Anti-Megrim can be obtained through J. C. Byrd, Lake Butler, Fla., agent for Bradford county.

A Serious Accident.

C. F. Johnson, of Nassau county, a member of the bridge crew of the F. C. & P. railway, happened to an accident Tuesday morning, near Maxville, that cost him his right hand. He was placing a chip upon the end of the piling, when something about the machinery broke and the hammer came down with terrific force upon his hand. The fingers were so badly mashed that it was necessary to amputate them.

Dr. Tate Powell, surgeon for the road, assisted by Dr. J. L. Gaskins, performed the operation, and the young man is now resting as well as could be expected under the circumstances.

Going To California.

W. B. Smith, of Lawley, will sell before September 1st, one first class milk cow, two heifers, one horse and wagon, one fat hog (Poland China) and several articles of household furniture--extension table, screen cupboard, spring cots, bedsteads, chairs, stoves, etc.

Mr. W. A. Ball gave the TELEGRAPH seven clusters of the finest grapes that ever pleased the palate of man. The grapes were of the "Moore's Early" variety and the seven clusters weighed nearly two pounds. If anyone doubts that grapes can be successfully grown in this section a sight of those grown by Mr. Ball would dispel the doubt.

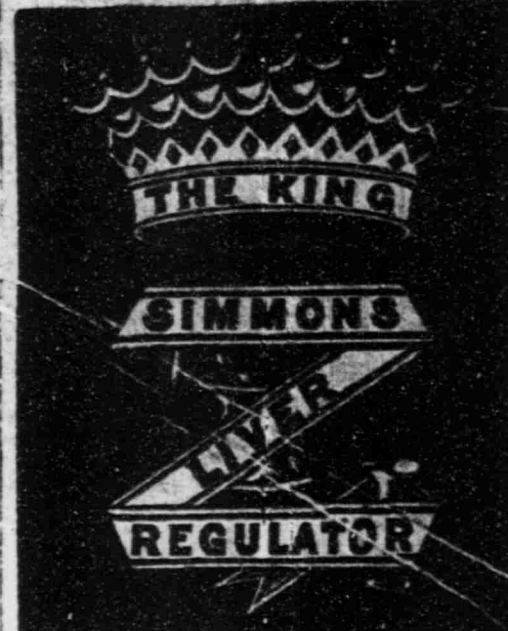

Captain R. C. Heiberger is said by his friends to have grown several inches last Sunday. On that day a little son arrived to brighten the Heiberger home. Nothing better could be wished the little fellow than that he should live a long life, in which the characteristics of his estimable parents should be repeated, and the TELEGRAPH heartily extends the wish.

Mr. J. T. Futch, one of High Springs' prosperous merchants, passed through Starke Thursday en route to Jacksonville.

Are you taking SIMMONS' LIVER REGULATOR, the "KING OF LIVER MEDICINES?" That is, what our readers want, and nothing but that. It is the same old friend to which the old folks pinned their faith and were never disappointed. But another good recommendation for it is, that it is **SWIFTER THAN PILLS**, never gripes, never weakens, but works in such an easy and natural way, just like nature itself, that relief comes quick and sure, and one feels new all over. It never fails. Everybody needs take a liver remedy, and everyone should take only Simmons' Liver Regulator.

Be sure you get it. The Red Z is on the wrapper. J. H. Zella & Co., Philadelphia.

The Discovery Saved His Life.
Mr. G. Caillouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at the drug store of the Starke Drug Co., and John A. King, of Lake Butler.
